Disclaimer:

Because Metro has not completed a CEQA review, the information contained herein does not constitute or evidence an approval by Metro of, or commitment of Metro to, any action for which prior environmental review is required under CEQA. Metro retains the absolute sole discretion to make decisions under CEQA, which discretion includes, without limitation (i) deciding not to proceed with the Project (known as the “no build” alternative) and (ii) deciding to approve the Project. There will be no approval or commitment by Metro regarding the development of the Project, unless and until Metro, as the Lead Agency, and based upon information resulting from the CEQA environmental review process, considers the impacts of the Project.

*For official information regarding the Project, please visit Metro’s project website:

Agenda:

A. Briefing Items

1.0 Introductions

2.0 Briefing

- Project Overview
- Monorail/SkyRail Overview
- Alignment Alternatives
- Station Concepts
- Why LASRE is proposing SkyRail

3.0 Q & A

Question: What's the timeline of construction? I'd like to see this built as quickly as possible. I want to see these done in our lifetime.

LASRE response: We've submitted all the timeline details to Metro, and they will release the full analysis in due time. We can't share specific timelines until Metro has officially communicated them, as it's all part of the DEIR process.

Question: Do all three of your alternatives have a stop at the Getty? What about the other alternatives?

LASRE response: All of the monorail alternatives have a stop at the Getty. However, Alternatives 4, 5, and 6 do not include this feature.
